

# PERSONAL FINANCIAL LITERACY

Presented by  
**Texas Council on Economic Education**

## Workshop Highlights: Teachers will learn. . .

- ◇ the concepts included in the personal financial literacy TEKS
- ◇ how they can empower their students to make informed and responsible choices as consumers and savers.
- ◇ how to use student-centered lessons that are designed to reinforce students' understanding through meaningful, personalized and practical activities.
- ◇ teaching techniques that facilitate each student's learning.
- ◇ about online tools that increase conceptual understanding by making information more meaningful and attainable for all students
- ◇ and walk away with links to quality lessons and assessments.
