

The Stock Market Game™ is offered FREE OF CHARGE in San Antonio thanks to a grant from FINRA.

San Antonio Area SMG Training – Alamo Colleges

Presented by the
Texas Council on Economic Education

Live Teacher Training - Learn How Easy It Is to Teach the Stock Market Game™ for grades 4-12.

Workshop Highlights –

- Learn all about the Stock Market Game™ & its application in the classroom
- Review easy to teach resources in the SMG online Teacher Support Center
- Access SMG trading account and learn how to create & manage an online portfolio
- Learn how to teach lessons on investments from materials provided at the training
- Learn writing strategies to help students succeed in the InvestWrite competition

This training is offered thanks to a contribution from the SIFMA Foundation.

The online personal finance simulation provides strategies so that 4th through 12th grade students learn the basics of investing as they research companies and make decisions on how to invest a virtual \$100,000. Students apply skills in economics, math, business, technology and more. In this session, educators will visit the online trading site and review curriculum materials that support the program as well as learn writing strategies to help students succeed in the InvestWrite writing competition.

Audience

4th-5th grade Elementary, Middle and High School educators responsible for teaching Personal Finance, Language Arts, GT, Economics, CTE, and Math courses.

Trainer

David Pruitt, Consultant for the Texas Council on Economic Education
